

Canasta Information

Canasta is a card game of the rummy family and is most commonly played with four players but can be played with any number of players. Using two decks of cards, players attempt to make **melds** of seven cards of the same rank and "go out" by playing all cards in their hand.

The Brittany Pointe group plays the regular rules of Canasta and uses cards with value points to make it easier to keep score. Normally there are four to six players who play from 2:00 p.m. to 4:00 p.m. Come join us for fun on Sunday afternoon!
