

Pinochle Information

Pinochle is a trick-taking card game for two to four players and played with a 48-card deck. The sequence of card rank is A, 10, K, Q, J. Players score points by trick-taking and by forming combinations of cards into melds.

At Brittany Pointe the group plays on Wednesday and Friday nights with a double deck of 80 cards (without the twos through nines) in the card room. Usually there are four to six players. If you are interested in joining the group, please call Mary Greenlaw.
