Re: Director of Residential Nursing – Brittany Pointe Estates

Date: October 13, 2016

It is with great pleasure that I announce that Jackie Barger RN, has accepted the position as the Director of Residential Nursing for Brittany Pointe Estates.

Jackie has been a part of the ACTS family here at Brittany Pointe Estates since 2011 where she worked as a registered nurse in both Oakbridge Terrace and the Resident Nurse Office until 2014. Jackie then assumed the role of the support plan coordinator in Oakbridge Terrace and has continued to work in nursing as needed. Jackie earned her nursing degree from Roxborough Memorial Hospital School of Nursing and is currently pursuing her Bachelor of Science Degree in nursing.

Jackie currently lives in North Wales where she has resided most of her life. Jackie lives with her husband, Ed, their two children, Mollie who is 5 years old, Ryan who is 2 years old and their pet cats. Jackie dabbles in photography, enjoys all types of sports and spends a lot of time visiting with her many family members in the Lansdale and nearby areas. Jackie especially loves fantasy football and was undefeated in her league up until recently.

I am confident that Jackie will be a great addition to the leadership at Brittany Pointe Estates. Jackie will begin her new role on October 21, 2016. Please join me in welcoming Jackie to her new position.
