To: All Electric Cart/Power Chair Users

From: Marge Winter MSOL, BSN, RN,
Director of Resident Nursing *MW*

Date: March 29, 2013

Re: Request for Updated Information

The resident nurse office is responsible for maintaining a current record of all residents who use electric carts or power chairs. When an electric cart or power chair is obtained the resident should register the vehicle with the resident nurse office. The resident will receive a sticker for the vehicle, which will help identify the vehicle, as well a copy of the rules and regulations for cart usage.

We realize that as carts are obtained or no longer being used that the resident nurse office may not always be notified. Please help us update our current information by completing the form below and returning it to the resident nurse office by Monday April 15, 2013. If you have not registered your cart/chair please stop by and do so at your next available opportunity.

Please, also remember that you should always operate these vehicles at a slow speed while traversing through the campus. You are responsible for any injuries or damages that you may cause. Please feel free to contact me with any questions at ext. 28349

Name: _____

Apartment# _____

_____ Electric Cart (Scooter) sticker number _____

_____ Power Chair sticker number _____

_____ No longer have cart/chair.
