**Subject: Personnel Announcement**

---

It is with great pleasure I announce the promotion of Erin Maher to the position of Regional Director of Culinary and Nutrition Services for the Northeast Region.

Erin joined the leadership team at Brittany Pointe Estates in 2011 as the Director of Culinary Services. In that position, she brought a positive attitude and a wealth of experience to the department. She led culinary services through a challenging Dining Room renovation making sure the quality of the service coming out of her department was never compromised. During her tenure at Brittany Pointe she recorded improved customer satisfaction scores in each recording period every year she served as the Director.

As the Executive Director, I would like to personally thank Erin for her hard work and commitment to Brittany Pointe Estates. Her experience and professionalism will surely be missed.

Erin will remain at Brittany Pointe as the "Acting Director" until her replacement is hired. Please join me in congratulating Erin in her new position.
