BPE Pointer Article

Veterans' Corner by Bob Berger

The February 2019 issue of the “Military Officer” magazine contains an article about veterans serving in the new 116th Congress. This class serving in Congress contains more veterans than any class in the past decade. Altogether, 97 of its members have served in the military. In fact, 19 of these were just elected and are brand new to Congress. Participating in politics on any level is very commendable and difficult.

Many veterans have sought out opportunities to continue to serve others. I hope that this year we can recognize our Brittany veterans who have done this. This would be a wonderful time to remember all the ways you have served, by describing some of the paid or volunteer positions you have held after being discharged. When drafting your list, please consider your time participating in politics, scouting, church, food bank, transportation, homeless outreach, library readings, supporting seniors (this should be a long list at Brittany Pointe), first responders, and many others. As a veteran you should be very proud of your service to your country, both in uniform and civvies (civilian clothes). Let’s all continue to create a caring and sharing community. On behalf of all of us, **thank you for always serving others.**
