November 11, 2020

Dear Veterans of Brittany Pointe:

It is a pleasure for me to share a moment of your time on this Veteran's Day. Let me extend my sincerest appreciation for your service and sacrifice.

Today we honor and recognize the strength and resilience of our veterans. Our military men and women chose to do their jobs each day, despite the known risks. I commend your desire to place the safety of others above your own. The patriotism, selflessness, and pursuit of freedom expressed by you inspires us today and every day.

I write to thank you for your service, and to tell you that I am your ally. As your Congresswoman, I am doing all that I can to ensure that the needs of veterans are met. This session, Congress has passed 53 bipartisan veteran-related bills – prioritizing suicide prevention, housing insecurity, and key benefits across the board.

I have also cosponsored legislation to require the VA to provide funding for residential care to qualifying aging veterans.

If you have any questions regarding any of the benefits you have earned, or any veteran related issues, please reach out to my Veteran and Military Affairs Representative Dave Corrigan, USMC at 215-884-4300.

Let me once again express my profound gratitude for your service. The strength, loyalty, and commitment our veterans have shown to our country and one another is truly remarkable. I wish you all many more years of health and prosperity.

Most Sincerely,

Madeleine Dean
