

Marathon Bridge Information

Marathon Bridge is a social bridge game played once a month. There are now 20 couples on an eight-month schedule from August until April followed by a luncheon in May. The couples are man and wife or two friends of any gender.

The group plays Party Bridge and each player contributes \$1.00 each time a match is held. The money is used for prizes. There is a mix of all levels of bridge playing. It is not required that a couple play each month, but that they play at least five times during the scheduled time in order to qualify for prizes. The scores are averaged out at the end of the year to determine the winners.

In late June a notice will appear on the main bulletin board asking residents to sign up for the next year. The marathon group would like to have more residents to join in the fun. Don't be afraid to join; if you have any questions, please call Liz Bartelme.
