

Shuffleboard Information

Shuffleboard is a wonderful way to exercise, enjoy good fellowship, and meet new neighbors. Every spring the group begins in early April and plays three times a week. At these times a knowledgeable resident is on the courtyard to help beginners and encourage them to play.

In 2012 ACTS purchased a new pad and mats for the outdoor shuffleboard courts. The group plays for fun but is also competitive. In 2012 two Brittany Pointe residents won a silver medal in shuffleboard in the seventh annual Olympi-ACTS competition and in the same year one of the residents won a gold medal in the Montgomery County Senior Games. They are available to help beginners and give tips to everyone. Tournaments are sometimes scheduled every other week during the summer months.

The equipment is always there for all to use, and it is a nice place to entertain guests.
