

As stated in my last “Let’s Talk” meeting we will be introducing a new dinner menu beginning Monday July 25, 2022. In order to execute the menu in an organized way, we will be featuring 3 of the items on Monday and add an additional 3 to 4 items on Wednesday with additional groups of entrees being added every other day thereafter. Our goal is to have the full menu of (15 items total) implemented by the week of August 1st.

I again, encourage everyone to be patient during this implementation process. From:
